**\$350**

**CHEMISTRY: 3PM ó 6PM**  
**\$300**

(Includes book & materials)

SAT's change, but subjects don't. Fortify your score report with SAT II Subject Tests to prove how well your knowledge of real school subjects measures up on a national yardstick.

Before your SAT II's, join us for Sunday **SAT II Master Classes** and get access to a specialist in the fields of Math and Chemistry. Get your questions answered and refine your test strategy in an efficient 3-hr cram session.

Please print and fill out the form below, check off the subjects you would like to take, write in the class date, and return with payment for each subject to reserve your spot. For more information about the classes, WaveLength, and local references please visit [www.WaveLengthSAT.com](http://www.WaveLengthSAT.com) or call WaveLength at 732.788.5678.

Thinking of taking the ACT as well? Transitioning from SAT to ACT is easy with the right advice. Just choose the **ACT Addendum**, a single session, 3-hr course taught by our ACT Specialist Andrea Goldman. Andrea will cover the Math, Science, and Reading sections of the ACT, showing you how to adapt the WaveLength skills and test-taking techniques you mastered in SAT class to the ACT. Choose Sunday, April 8 or Sunday, June 3, 9am-12pm.

Space is limited and reserved on a first come first serve basis. All schedules are subject to change pending enrollment; if changes are incompatible with the student, a full refund will be issued.

## Registration Form

Please make your check payable to Matthew Makrinos and mail to 21 Buena Place  
Red Bank, NJ 07701. **\*\*PLEASE WRITE IN CLASS DATE AFTER SUBJECT\*\***
