Considering the ACT as well? The good news is, if you have already prepped for the SAT with us, transitioning from SAT to ACT is easy with the right advice. Just add on the **ACT Addendum**, a single session, 3-hr course taught by our ACT Specialist Andrea Goldman. Andrea will cover the Math, Science, and Reading sections of the ACT, showing you how to adapt the WaveLength skills and test-taking techniques you mastered in SAT class to the ACT. We offer an Addendum the Sunday prior to each ACT.

Space is limited and reserved on a first come first serve basis. All schedules are subject to change pending enrollment; if changes are incompatible with the student, a full refund will be issued. Students dropping course by the end of Week 2 will receive a prorated refund less the cost of books and materials.
